ABSTRACT

Abstract

Encouraging others to follow directions towards a desired goal is called motivation. The way they choose their goals and the methods used to try to change their behavior. Motivation is a very important factor in the process of developing martial arts athletes who are still competitive. The purpose of this research is to (1) analyze group differences between martial arts athletes in the cities of Bujumbura and Yogyakarta, (2) analyze the motivation profile of martial arts athletes in the cities of Bujumbura and Yogyakarta, (3) analyze which dimensions of Sports Achievement Motivation are dominant among martial arts athletes in the city Bujumbura and Yogyakarta, (4) analyzed the level of agreement between martial arts athletes in the cities of Bujumbura and Yogyakarta regarding the existence of achievement motivation that drives them. The research method used is descriptive correlation. The research subjects were independent sports participants in Yogyakarta and Burundi, consisting of 100 boys and 88 girls. The research instrument uses an adaptation of the Achievement Motivation Scale which measures Approach-Success (MSO), Avoidance-Failure (MFO), Approach-Success in Competition (MSC), Approach-Success in Training (MST), and Avoidance-Failure in Competition (MFC) . Statistical analysis of the data used one way ANOVA. Data normality was evaluated using KS and QQ tests. Levene's test was used to evaluate the uniformity of variance.

The results show that (1) exists. Statistically significant differences between martial arts disciplines in the cities of Bujumbura and Yogyakarta; (2) There are differences in the motivational profiles of martial arts athletes in the cities of Bujumbura and Yogyakarta, (3) Apart from the country factor, the motivational profiles of the martial arts athletes sampled are mostly approachable. -Success in Training (MST), because of the 14 athletes who agreed, 8 athletes were categorized in the MST dimensions, (4) Overall, the sample athletes from the cities of Bujumbura (Burundi) and Yogyakarta (Indonesia) "Agree" to be given Achievement Motivation Sport behind commitment
