

INTERcULTURALITY NARRATION IN THE GOETHE JOHAN WOLFGANG VON WORKS

by Dra. Yati Sugiarti

ABSTRACT

ABSTRACT

Intercultural communication plays a very important role in the practical social arena. Chaos often occurs due to communication that does not work well between individuals of different cultures. This study aims to (1) find the cultural elements contained in Goethe's collection of West und Ostlicher Diwan poetry, (2) narrating interculturality (intercultural communication) in the collection of poetry. The data source of this study is Johann Wolfgang von Goethe: West-östlicher Divan, in: Goethes Werke. Hamburger Ausgabe, Bd.2, Munich 1981. Data in this study are in the form of words, phrases, and sentences that have elements of interculturality. Data analysis techniques used are intercultural analysis techniques.
