### **ABSTRACT**

There is no hoax news. News is information that is filtered and handled well by many people. This study aims to reveal journalists' views on hoaxes and how online mass media journalists (detikcom) reduce hoaxes. This study uses a structured interview technique to the editor-in-chief of Detikcom, journalists from detikcom, and the managing editor. The results of this study indicate that detikcom makes hoaxes that develop in the community as news material. Through the hoax channel or not detikcom, educating the public about news.
