ABSTRACT

Community service activities in the form of legal drafting training for Village Consultative Body apparatus in Brebes Regency, Central Java Province aim to: (1) provide training to Village Consultative Body (BPD) administrators on legal drafting, (2) provide training on steps that need to be developed in making legal drafting, and (3) encouraging the BPD management in Tonjong District, Brebes Regency to be willing to develop the ability to draft village regulations in accordance with the provisions of the applicable laws and regulations.

This method of community service activities is carried out with lectures, questions and answers, discussions, and practices. The lecture method is used to deliver material from the speakers about legal drafting. After the material was delivered through a lecture, it was followed by a question and answer session regarding legal drafting, especially in the preparation of village regulations. Discussions were held to practice identifying the problems found in the preparation of legal drafting. Furthermore, the participants of direct practical training on the steps for drafting the correct village regulations, in accordance with the applicable laws and regulations.

The results obtained from the implementation of this community service activity are to increase the understanding of BPD management in Tonjong District, Brebes Regency, Central Java Province about legal drafting. BPD officials are also increasingly understanding the steps that need to be developed in drafting village regulations. Through this community service activity, BPD administrators in the Tonjong District, Brebes Regency are also encouraged to develop capabilities in the preparation of legal drafting, especially in the preparation of village regulations. This community service activity was attended by BPD management in Tonjong District who represented 33 people from each village. The activity was carried out in a limited manner and was not attended by all BPD administrators in each village due to the COVID-19 pandemic. The activity was also still implementing health protocols in the pandemic era, among others, by keeping the distance between participants, wearing masks, and washing hands before entering room for training activities.
