

Digital Media-Based Student Worksheet Development Training

by Sulis Triyono, Suyanto, Zamzani, Margana, Herman Dwi Surjono

ABSTRACT

The purpose of this Community Service activity is to provide training and skills to teachers to make my worksheets based on digital media. The target audience for this activity are all teachers of SMA Negeri 1 Minggir Sleman. The number of participants was 50 people. The training took place three times in October and November 2022 using training on making student worksheets based on digital media. This training is carried out offline and online. Meanwhile, offline meetings are used for training and online meetings are used to evaluate practical results.

Kata Kunci: *Worksheets, digital media-based, and teachers*
